II. Contents of This Action

This action promulgates a final rule to add 1 site to the General Superfund Section of the NPL. This site is Southern Shipbuilding in Slidell, Louisiana which was proposed on February 13, 1995 in NPL Proposal #18 (60 FR 8212) based on an HRS score of 28.5 or greater. The group number identified for this site is 5/6. Group numbers are determined by arranging the NPL by rank and dividing it into groups of 50 sites. For example, a site in Group 4 has a score that falls within the range of scores covered by the fourth group of 50 sites on the NPL.

Public Comments

EPA reviewed all comments received on the site included in this notice. The formal comment period ended on April 14, 1995.

EPA's response to site-specific public comments and explanations of any score changes made as a result of such comments are addressed in the "Support Document for the Revised National Priorities List Final Rule—May 1995."

III. Executive Order 12866

The Office of Management and Budget (OMB) has exempted this regulatory action from Executive Order 12866 review.

IV. Unfunded Mandates

Under Section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a written statement to accompany any rules that have "Federal

mandates" that may result in the expenditure by the private sector of \$100 million or more in any one year. Under Section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objective of such a rule and that is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly and uniquely affected by the rule.

The Unfunded Mandates Act defines a "Federal private sector mandate" for regulatory purposes as one that, among other things, "would impose an enforceable duty upon the private sector." EPA finds that today's listing decision does not impose any enforceable duties upon the private sector since inclusion of a site on the NPL does not itself impose any costs. It does not establish that EPA necessarily will undertake remedial action, nor does it require any action by a private party or determine its liability for site response costs. Costs that arise out of site responses result from site-by-site decisions about what actions to take, not directly from the act of listing itself. Therefore, today's rulemaking is not a "Federal private sector mandate" and is not subject to the requirements of sections 202 or 205 of the Unfunded Mandates Act. As to Section 203 of this Act, EPA finds that small governments will not be significantly and uniquely affected by this rulemaking.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

45 CFR Part 60

RIN 0905-AE53

National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners; Payment of Fees

AGENCY: Health Resources and Services Administration, PHS, HHS.

ACTION: Final rule.

SUMMARY: This final rule amends the existing regulations governing the National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners (the Data Bank) authorizing the reporting and release of information concerning: Payments made for the benefit of physicians, dentists, and other health care practitioners as a result of medical malpractice actions or claims; and certain adverse actions taken regarding the licenses and clinical privileges of physicians and dentists. This final rule removes restrictions on allowed methods of payment for Data Bank fees.

EFFECTIVE DATE: This regulation is effective May 26, 1995.

FOR FURTHER INFORMATION CONTACT: Thomas C. Croft, Director, Division of Quality Assurance, Bureau of Health Professions, Health Resources and Services Administration, Room 8A-55, 5600 Fishers Lane, Rockville, Maryland 20857; telephone number (301) 443-2300.

SUPPLEMENTARY INFORMATION: This final rule amends the existing regulations for the National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners under 45 CFR part 60. Section 60.12(c)(1) and (2) currently state that requests to the Data Bank constitute an agreement to pay the established user fee and that the billing of such use will be made during established intervals. Section 60.12(c)(3) currently states that Data Bank fees must be paid by check or money order made payable to the U.S. Department of Health and Human Services. The Department has removed these regulatory restrictions on allowable methods of payment to permit the Secretary to announce alternate

payment methods through periodic notice in the **Federal Register**. Paragraph (c)(4) is being redesignated as (c) and revised to allow the Data Bank the flexibility: (1) to streamline and automate its approach to fee collection; and (2) to offer a greater variety of payment options to its users, thereby improving customer service. Paragraphs (c)(1), (2), and (3) are deleted.

Justification for Omitting Notice of Proposed Rulemaking

Since these amendments to the Data Bank regulations are of a technical nature and only amend the regulations to reflect the fee payment practices of the Data Bank, the Secretary has determined, pursuant to 5 U.S.C. 553 and departmental policy that it is unnecessary and impractical to follow proposed rulemaking procedures or to delay the effective date of these regulations.

Economic Impact

Executive Order 12866 requires that all regulations reflect consideration of alternatives, of costs, of benefits, or incentives, of equity, and of available information. Regulations must meet certain standards, such as avoiding unnecessary burden. Regulations which are "significant" because of cost, adverse effects on the economy, inconsistency with other agency actions, effects on the budget, or novel legal or policy issue, require special analysis.

The Department believes that the resources required to implement the requirements in these regulations are minimal. This final rule simply removes restrictions on the number of options available to users of the Data Bank. Therefore, in accordance with the Regulatory Flexibility Act of 1980, the Secretary certifies that these regulations will not have a significant impact on a substantial number of small entities. For the same reasons, the Secretary has also determined that this is not a "significant" rule under Executive Order 12866.

Paperwork Reduction Action of 1980

These amendments do not affect the recordkeeping or reporting requirements in the existing regulations for the National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners.
